RE: Site Support and Fencing at the Albion-Sheridan Township Landfill Site
U.S. EPA ARCS Contract No. 68-W8-0079

Dear Mr. Sharp:

Enclosed is a bid proposal and specifications for site support and fencing at the Albion-Sheridan Township Landfill Site near Albion, Michigan. The Albion-Sheridan Township Landfill Site is a listed (NPL) hazardous waste site which has been assigned to WW Engineering & Science for remedial investigation activities under the U.S. EPA ARCS program and we are requesting a bid proposal from your firm for the site support and fencing.

Please note the following:

- The 24 or 40-hour HAZWOPER Health and Safety Training (CFR 1910.120) is required for all persons working on the site. The work can be accomplished under Level D personal protection, although the subcontractor should be prepared to upgrade to Modified Level D protection (disposable dust mask respirators) during dusty or windy conditions.
- A five percent (5%) bid security is required in the form of a certified check, bank draft, or Bid Bond.
- Federal labor standards do apply to this contract which includes a wage determination as well as numerous other federal provisions.

We hope to receive a bid proposal from your firm. If you have any questions, please contact either Ms. Liz Uhl, the Site Project Manager, or myself at (616) 942-9600.

Very truly yours,

WW ENGINEERING & SCIENCE
